Hi, here's the latest from EDF Health:

[Exhibit PV29: Why this EPA can't be trusted to forthrightly assess chemical risks under TSCA](#)

By Richard Denison

Richard Denison, Ph.D., is a Lead Senior Scientist. I blogged last week about the Environmental Protection Agency's (EPA) illegal and hypocritical decision to deny the public access to health and safety studies conducted on the first chemical to undergo a risk evaluation under the reformed Toxic Substances Control Act (TSCA). In its draft risk evaluation, now [...]
